PROJECTS

banjoneer
An interactive single page app for learning banjo chords in different tunings. Play a virtual banjo on your keyboard! (desktop/laptop only for now...)
[AngularJS , Express , node.js]

local sounds
Sample music from the bands playing in your town. Search by city, state, date, and radius to access SoundCloud tracks and venue information. Combines the Bandsintown and SoundCloud APIs.
[HTML5, CSS3 , Javascript, JQuery, Firebase]

gnosh.
Proof-of-concept site for a food delivery service catered mostly towards people with dietary restrictions. Think Dollar Shave Club but for delicious snacks.
[SendGrid API , Stripe API , PostgreSQL , Express , node.js , HTML5 , CSS3]

yodel
Location based app to connect people in real time based on mutual interests.
[AngularJS , Ionic, Angular Cordorva, PostgreSQL , Express , node.js, Sockets.IO]
Ionic View App ID: C5A299IE
